2023 EUROPEAN BESTSELLERS

CUSTOM FIT CAR FLOOR MATS AND TRUNK MATS

- ▶ Protects the interior from wear and tear
- ▶ Designed to fit the model of each specific car
- ▶ The 3D flap covers the driver's foot rest area, including the side surface
- ▶ The high side will protect you from moisture and dirt
- ▶ The functional pattern creates a slip-resistant surface
- ▶ Original fasteners
- ▶ Elastic - the mat is easy to install in the car and remove when required

TRIM-TO-FIT UNIVERSAL FLOOR MATS AND TRUNK MATS

- ▶ Due to precise engineering universal mats are made to fit virtually any vehicle
- ▶ Suitable for both left and right hand drive cars
- ▶ Protect interior from wear and tear
- ▶ Elasticity - the mat is easy to install in the salon and remove if necessary

FROSCH

CUSTOM FIT MUD FLAPS

- ▶ Reliable vehicle protection from sandblasting effect
- ▶ 100% compatible with each specific vehicle
- ▶ Already punched mounting holes
- ▶ Fastener set and installation instruction included
- ▶ The material remains flexible even in 50-degree frost

FROSCH

UNIVERSAL MUD FLAPS

- ▶ Due to precise engineering universal mud flaps are made to fit virtually any vehicle
- ▶ European materials and technologies
- ▶ Maintain flexibility even in 50-degree frost
- ▶ High popularity on AMAZON and eBay

WHEEL ARCH LINERS

- ▶ Reliable protection of the wheel arch from the sandblasting effect
- ▶ Liners are engineered individually for a custom fit and provides the maximum coverage of the wheel arch
- ▶ The liner locking system is designed to avoid additional drilling of the car fender
- ▶ Each liner comes with the necessary fasteners and instructions
- ▶ Simple installation that does not require contacting auto repair and maintenance centers

SOUND ABSORBER LINERS

Road surface and tires cause extra noise in the interior of a car, wheel arches are one of the main unprotected area. The unique technology of integrating a soundproof layer of the liner reduces the noise level inside the car by up to 50%.

The soundproofing material is a lightweight synthetic fiber, which is not glued to the liner but fused with it during the forming process. This unique technology provides long life of the product and high durability.

SIDE WINDOW DEFLECTORS AND HOOD DEFLECTORS

- ▶ **Side window deflectors** help you to control the microclimate inside the car in any weather. They prevent fogging of windows, improve aerodynamics, and add stylish elements to the appearance of the car.
- ▶ **Hood deflectors** protect from possible chips and scratches on the car surface and windshield by creating an upstream of air in front of the vehicle while driving.

We offer wide range of well-known brands of deflectors that are supplied worldwide: Europe, the USA, Africa and even Australia.

PARTNERSHIP ADVANTAGES

- ▶ Only 1.5 - 2 months to learn new models.
- ▶ Over 25,000 SKUs - model range for Europe, Asia, USA and Africa; right- and left-hand drive models
- ▶ Availability of high-quality content (in English, German, Chinese and other languages) for promotion in e-commerce
